

FSM's Community Ambassador Program: Your Local Resource for Wildfire Preparedness

Fire Safe Marin is proud to announce a trained network of 26 Community Ambassadors that are heading out into the community to connect with YOU! This program is meant to answer your questions about wildfire preparedness. Are you wondering what to do if you get an evacuation order? Ask our Ambassadors. Are you worried about your home's vulnerabilities to wildfire, about your home insurance, about your pet's readiness? Ask our Ambassadors!

Our Ambassadors will be at the Fire Safe Marin tent at events across Marin ready to answer your questions and help you prepare your homes, properties, and families for wildfire. Eleven of them speak Spanish which allows us to expand the people we are able to reach with this valuable information!

As part of the program, ambassadors receive continuing education to keep them current on what's happening in the wildfire preparedness world such as home insurance, the home wildfire risk report, home hardening, and local grants. They are waiting to talk to you and answer your questions!

If you see the Fire Safe Marin tent, go say hi. Ask about "Zone Zero" and you will get a prize. You can also send us an email to info@firesafemarin.org to request an ambassador to attend an event in your city or town. Wildfire preparedness is a community effort, and having knowledgeable Ambassadors in your neighborhood means you have a direct line to reliable, expert information. Their presence helps to create a more resilient community, where everyone plays a part in reducing wildfire risks.
