

One green bin at a time, can make a big difference to our wildfire preparedness.

Putting leaves and dead vegetation in your green bin helps prevent the build up of wildfire fuel, reducing the intensity of a wildfire. This could make the difference in stopping your house from igniting. So what are you waiting for, set aside some time each week to make sure your green cart is filled to the top!

DO PUT in the green bin:

- Grass and yard clippings
- Leaves
- Weeds
- Flowers
- Straw
- Shrub and tree clippings
- Branches under 4 feet long and 3 inches in diameter

DO NOT PUT in the green bin:

- Bamboo
- Yucca
- Poison Oak
- Palm trees

Go to [Marin Sanitary](#) for more information.
